

XCubeNAS 8000T Series

Built for an environment driven by digital transformation, the XCube 8008T is the best solution for virtualisation-ready storage.

With auto-tiering and thin provisioning, this XCube offers high-performance as well as easy, tool-less installation.

CPU
Intel® Core™ 2.7GHz
Quad-Core Processor

RAM
8GB DDR4 SO-DIMM
(Max 32GB)

Easy Installation
Tool-less Drive Tray &
Service Door Design

PCIe Expansion
The Next Generation
Thunderbolt™ 3

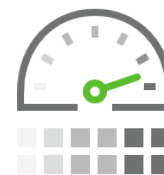

Ultra-High Performance

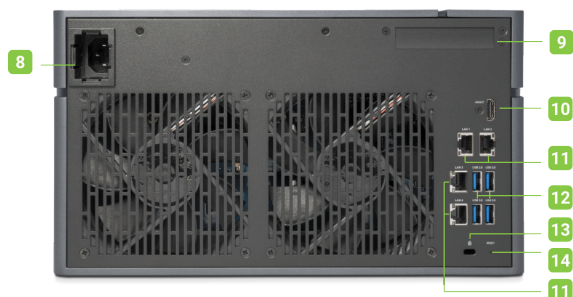

Snapshot Single File Recovery
Execute point-in-time recovery

Thin Provision
Dynamic distribution of space resources

Auto-Tiering
Increase performance of business apps

Specifications

	XN30002T
Hardware Specifications	
Architecture	All-in-one
Storage OS	QSM 3
Memory	
System Flash	8GB USB DOM
Memory Module Pre-Installed	8GB DDR4 SO-DIMM
Total Memory Slots	2
Memory Expandable To	32GB
Storage	
Drive Bays	3.5" Slot x 8 2.5" Slot x 1
Drive Interface	SATA 6Gb/s (backwards compatible)
Max Internal Raw Capacity	114TB
Hot Swappable Drive	Yes
External Port	
USB 2.0 Port	-
USB 3.0 Port	5 (1 Front, 4 Rear)
HDMI Port	1
Connectivity Port	
1GbE RJ45 LAN Port	4 (Onboard)
10GbE RJ45 LAN Port	2 (Option: THBE10R2)
10GbE SFP+ LAN Port	2 (Option: XN-E1002)
Thunderbolt 3	2 (Option: XN-TB302)
Others	
Power Recovery	Yes
Scheduled Power On/Off	Yes
Wake on LAN/WAN	Yes
Power Supply Unit/Adapter	FLEX ATX 200W
Certifications	CE, FCC, BSMI, VCCI, RCM, SASO, EAC
Warranty	2 Years RTB
